## REPORT OF THE SCHOOL BOARD.

---

The school year of 1918 began with only three schools in session. These were maintained with a schooling of 35 weeks in each division for the whole year.

At the opening of the spring term on April 15, there being enough pupils, we thought it best to again open the East Sutton school, and this school has been successfully taught up to the present time.

There were registered in all schools together 84 pupils—37 girls and 47 boys. The greatest number in any school was 26 and the least 11.

Total number of visits by the members of the school board were 44; by parents, citizens, and others, 197.

There have been a few repairs in the school-rooms of each division. In accordance with the requirements of the State Department, we have placed new windows in the back of the school-rooms at the North and East Sutton schools, which brightens up and adds much to the cheerfulness of the school-room.

At present, under supervision, our schools are doing good work and we hope no one will criticise their success or efficiency.

In accordance with the law, we submit the following estimates of money needed to meet the statutory obligations for the coming year:

High school tuition,	\$600
Books and supplies,	225
Flags,	15
